## Combine Testing

Put your Athletic skills to the test and show us why you should be on your Regional Track and Field team at the 2020 Manitoba Games!

Athletics Manitoba is planning to host combines in each Provincial Region to identify athletes ages 12-15 to compete on the Manitoba Games Athletics Teams.

These tests will cover a range of metrics that can be used to steer athletes toward events that are best suited for them.

If you or your school would be interested in hosting a

Combine, please contact Noelle Merkel at
