

## **Athletics MB Summer Non-Competitive "Training" Membership**

This membership provides insurance coverage until September 30th for a fee of \$35 plus GST. It can be upgraded to a competitive membership at a later date, if you wish to compete at any possible meets this summer.

In order for your membership to become active, the applicable waiver must be downloaded and signed and returned to [execdirector@athleticsmanitoba.com](mailto:execdirector@athleticsmanitoba.com)

This is for athletes that are **ONLY wanting to train** for the summer and are **NOT** using the University of Manitoba facility.

If you were already a 2020 registered member, your membership continues until Dec 31, 2020 and you need to complete the waiver of Release you received by email.

If you are not a club member and did not receive the waiver by email, please contact Shirley at [admin@athleticsmanitoba.com](mailto:admin@athleticsmanitoba.com). **If you are a club member, please contact your club administrator.**

By becoming a 'training only member' you will not be provided with an AC number.

If you choose to upgrade to a full member, you will pay the difference between our regular fees (\$78.75) and the \$36.75 Summer Training fee. The upgrade is only applicable to this year's (2020) membership.
