

COVID-19

Core Four

Stay apart

Maintain 2-metres distance from everyone outside your **safe social circle**.

Lather up

Wash your hands with soap and water; or use hand sanitizer.

Mask up

Wear a non-medical mask where maintaining physical distancing is difficult and **where masks are mandatory**. Protect the supply of medical grade masks for health care workers.

Get tested

Get tested if you think you have COVID-19 or may have been exposed to it. Stay home, self-isolate and prevent potential spread.
