Check-in Procedure

Track event athletes must check in at the marshaling tent (at the start of the 100m) 30 min before the scheduled time of their race/event. It is then the athlete's responsibility to be at the starting line or at the event 10 minutes before their scheduled race/competition time (Schedule for movement to events will be posted in the marshaling area. You cannot check in at the start line. If you miss the check in at the tent, you will not race or compete. Please ensure you follow this procedure.

General Meet Information

Spikes are to be no longer than 6mm in length and pyramid only.

ALL COMPETITION SHOES MUST BE APPROVED BY WORLD ATHLETICS.

Athletes agree to abide by the World Athletics Rule (TR5) which concerns the use of shoes during an athletics competition and puts a sole height limit of 25mm on all shoes worn in track events of 800m and above in distance (including Steeplechase). For clarity: The rule does not prevent a road running shoe from being worn on the track but a 30mm or 40mm road running shoe **cannot** be worn for track events because of the 25mm limit. You are encouraged to reference the World Athletics Shoe Compliance List. This will help speed up the check-in process at the event and ensure that you arrive at the competition venue with approved competition shoes.

All athletes must wear proper competition uniforms.
