REFEREE SYMPOSIUM/COACHES MEETING

A figure often overlooked in competitive fighting is the third person on the mat. Referees are responsible for more than casual observers may give them credit for. They are responsible for ensuring fair competition between two fighters abiding by a set of rules. A referee's level of involvement in a match will often affect the flow of competition, which ultimately affects what we view as spectators. Referees are needed to make a competition possible. No matter how you encounter Judo, the Referee Symposium is to provide useful tips and information for personal development and training on the rules. **We highly recommend that all referees and coaches consider attending. Bring your gi.**
