

Athletics Ontario is on the hunt for Ontario's Fastest Kids – girls, boys, and Para girls and boys – through Athletics Canada's 2024 Athletics for All Grant Program, made possible thanks to funding from the Government of Canada.

To be eligible, kids must be born in **2012 or later**. Eight regional qualifier meets will take place starting in late May, with the winners in each region earning a spot in the finale at the Ontario U20 & Open Outdoor Track & Field Championships at the Toronto Track & Field Centre on July 20th.

Important: Athletes must be entered and must compete in the appropriate selected competitions and races specifically identified as "Eligible for Finding Ontario's Fastest Kids". Athletes competing in other events will not be considered.

Note: The Finale will be contested over 80m. Some "Fastest Kids Qualifiers" may be contested over 80m, while some may be contested over 100m. There will be "Fastest Kids Qualifiers" for children with disabilities.
