False Start Rule

In the Polaris Cup Series, the first false start will be charged to the field and any subsequent false start will result in the disqualification of the athlete making the false start.

The Orion Cup Series will follow the World Athletics rules regarding false starts. A false start will result in the disqualification of the athlete making the false start.

Advancement to Finals

The top 8 times from the qualifying round of the 60m Dash will advance to the Finals.

Simultaneous Events

Athletes competing in two or more events must check in to each event at the start and inform the officials that they are competing in two or more events simultaneously.

Athletes should complete their jumps/throws during the allotted time for the event. Athletes will not get to complete their attempts after the event is finished for the age group.

Athletes in the high jump must complete their attempt where the bar is at the time of the event. The bar doesn't get lowered for an athlete who missed the round while competing in another event.

Long Jump Take-Off Board

A 1-meter jump zone is used for athletes in the U7, U8, U9, U10 and U11 age groups. The athlete may take off anywhere in this zone and their performance will be marked from where they take off during their jump.

The U12 and older athletes will use the regular takeoff board during the event. Successful attempts are measured from the furthest end of the take-off board. Athletes who step over the board during their attempt will be charged with a "fault".

Long Jump / Shot Put Attempts

There are four rounds in the Long Jump and Shot Put events. All competitors will participate in the first two rounds, and the top eight jumpers/throwers will get two additional jumps/throws after round two.
