THE 44th ROCKY MOUNTAIN INVITATIONAL

Note to Parents of U10 and U12 Athletes:

In keeping with the directions of Sports Canada and Judo Canada, Judo Alberta is following the Long-Term Athlete Development (LTAD) model.

This model states that athletes in the U10 and U12 divisions should be at the stage of **skill development**, and not at a competitive phase of their development.

In the U10 category the tournament will consist of randori sessions of two minutes duration. The match will continue for the continuous two minutes, unless the referee calls for a pause to explain something to the competitors. However, if one competitor completely dominates the match, the match may be stopped at that point – the Judo Canada rule of ending the match after two ippons will not be applied at this tournament. Participants will be allowed to attempt standing and ground techniques, however, after an ippon throw, transition to groundwork will be permitted but will not be considered for scoring purposes. After the throw, or a transition to ne-waza, matte will be called to allow the person being thrown to recover and start again in a standing position. Shido penalties will not be called for a first offense, but an explanation will be provided as to why the action is not allowed (with the time stopped).

In the U12 category the tournament will consist of contests of two minutes duration. Time will be stopped when there is a break (*matte*). When an ippon is scored, the match will be stopped. Infractions and use of disallowed techniques will not be penalised on the first instance, but an explanation will be given to the judoka. On a second such action, the judoka and the coach will get an explanation and a *shido* or other appropriate penalty will be given.

In the U10 and U12 categories, winners will not be declared after each match as scores will not be recorded and all participants will be recognized for their skill and performance.

Note that in both the U10 and U12 division, there will be no specified weight divisions, and children are paired with closest weight with a maximum of 15% weight difference. Mixed gender matches are allowed and may occur if there are inadequate numbers for single gender competition.

Veterans	Y	Y	Y	Y	Y	N	Y	N
U10-U12	<p>1: Grip behind the back around the shoulder or lower back is allowed for U12 as long as it is followed by an immediate and continuous attack. In U12, actions that start with an allowed technique and only then, as a result of reaction of the opponent end up as makikomi-waza, should be scored</p> <p>2: Counter-rotation techniques against one-legged throws will not be scored – i.e against Uchi-mata or Harai goshi</p> <p>3: For all ranks in this age group head locking with a grip over or around the neck, both in Tachi-waza (no Kubinage) and Ne-waza – i.e. no neck squeezing is allowed in Kesa-gatame. Proper application of Kesa-gatame requires that tori's arm surrounds the neck, and the other arm controls the arm of the opponent – this is not considered a neck squeeze. The squeezing happens when tori is in Kesa-gatame or another position and connects both hands in order to apply more pressure on uke's neck</p>							
U14	<p>1: Counter-rotation techniques against one-legged throws will not be scored – i.e against Uchi-mata or Harai goshi</p> <p>2: Sutemi or Makikomi waza not permitted unless both competitors are at least full Green Belt</p> <p>3: Drop techniques, which start on one or both knees are prohibited unless both competitors are at least full Green Belt</p>							
U16-Vet	Shime or Kansetsu waza not permitted unless both competitors are at least full Green Belt
