

April 12 Note to members

1. UPEI Pickleball Club Guidelines

Facility Use

We are fortunate to have access to one of the best sports facilities on the Island, and we deeply appreciate the ongoing support of Facility Manager Stephanie Knickle. However, we are not priority users as university exams, graduation ceremonies, varsity sports, intramural activities, and annual tournaments take precedence over our sessions. At times, we may be rescheduled to accommodate these events.

Nets

Please use only the nets stored in the white cabinet, as net pieces are getting mixed up. To maintain organization, ensure all nets remain together in the club bags. A lock will be added to the cabinet soon, but until then, please take extra care in keeping our equipment secure.

Start Time

Sports Center management requests that players wait in the hallway until club sessions begin, ideally no more than ten minutes prior, if the gym is unoccupied.

Locker Room & Personal Items

Bring a lock to secure your belongings in the provided storage units. Essential items, including water bottles, sweat towels, paddles, and silenced cell phones, can be brought into Gym 3.

Storage Room Door

The storage room door **must not** be used to **enter or exit** the gym.

2. Payment Information

- To play, send an E-Transfer to charlottetownpickleballclub@gmail.com. We don't have capacity to count all the coins. Include the venue, day, and time of your session in the payment message.
- We have changed banks and now offer auto deposit.
- Payment must be made before playing, as many have forgotten to pay afterward.
- UPEI Non-members (those who have not previously paid the \$57.50 UPEI fee) must pay \$3 per session.
