12 noon	2 court priority																	
1:00 PM																		
2:00 PM																		
3:00 PM					Youth priority time													
4:00 PM					2 courts													
5:00 PM	2 court priority	2 court priority	2 courts priority	2 courts priority														
6:00 PM					2 courts priority													
7:00 PM																		
8:00 PM																		
9:00 PM																		
10:00 PM																		
During non-scheduled hours club members have access to the courts with equal access with the public																		
	Youth or Family Play		Youth members (under 17 years) will have first right to the courts during these times.															
	Club Open Play: Courts will be self-sorted by levels	ie. Court 1, 2 intermediate, 3 new player, 4 advanced. This is still "drop in" play, however groupings by level are encouraged.																
	Ladder Play: Based on pre-registration. Games at similar level with advancement based on results. Will use number of courts based on registration.																	
	Drill sessions: New Player clinic held based on demand. Skills and drills based on volunteer led program weekly. Number of courts will vary based on demand/volunteer availability																	
Courts will all have a racquet holder "waiting system". Club members can place their racquets at any court in use in order to replace the "losing" side players at the end of the game. The winning team remains on court to play the next game. Playing levels will therefore be self selected. Players will be encouraged																		
A What's App style communicating app will be available to members in order to make up allow people to communicate when they plan to play. Single, or drilling play sessions will not be allowed when there are people waiting for the court.																		
UPC Summer Members will have priority use of the courts during all hours listed as court hours. Public members can be asked to leave and return during public hours or when there are vacant courts.
