Getting to the Park and Parking:

Enter the park at the entrance off Leslie Street just south of Eglinton Avenue. Proceed along the park road keeping to the right for about 1.75 km to get to the park stables. Proceed past the stables and go up the hill to get to the upper playing fields area. There are two parking lots on either side of the road just before the large white pavilion. In case these lots become full, you can continue along the park road past the pavilion and past the Start/Finish area. There is another large parking lot just past the Start/Finish area.

If park staff decide to keep the road gated just past the stables, the parking lot across from the stables will have to be used and athletes and spectators will have to walk up the hill to the playing fields. If the parking lot across from the stables becomes full, cars will be re-directed back to the previous parking lot located off the park road on the way in from the Leslie Street entrance. There are stairs from this parking lot which can be used to access the upper playing fields.

There will be portable toilets available for use on the south side of the white pavilion. Restrooms located in the building across from the stables should also be open.
