Types of Events

Skilled Level Play-Members can join their skill level or below.

Open Play-Open to various skill levels with strongest players using court 1 (IG Wealth Management). Place your paddle on the court that you wish to play on and best meets your skill level.

Social Play-Social play organized by the club or members. This is a non-recurring event that is available for members to sign up. It may be open to all members or target a certain group of players. Some examples are Holiday Social, Ladies 3.0 Partner Play, Mens Round Robin. Contact us if you'd like to add a social event to the schedule.

League Play-Organized leagues that run for a set number of weeks and are paid upfront with no additional fees and no refunds at this time. Our first leagues will run for the months of December and January (9 weeks). There are two exception dates on the Wednesday evening league for Christmas Eve and New Years Eve.

Training & Development-Organized training and development that will require an additional fee above the regular court fee.

SUBSTITUTIONS may be secured by a League Organizer or Administrator ONLY. Substitutions will be charged their normal fee to play.

BLENDING of players that have a booking at the **same time** can occur if it benefits all players and everyone is in agreement. For example, if a group has 7 players and there's an extra player on another court.

We are looking forward to seeing everyone at the Rally House! Please pass on any suggestions so we can grow and have fun together!

Sincerely, SLPC Executive
