Facility Rules:

- Street shoes or boots are not allowed in the Fieldhouse;
- Food and drink are not allowed in the Fieldhouse;
- Entry to the Fieldhouse is by wrist band or bib number only;
- Spectators must watch the meet from the upstairs viewing gallery. No parents are allowed on the track level. Any unauthorized individuals in the Fieldhouse will be asked to leave; failure to do so will result in disqualification of your athlete(s).

Awards: Medals will be presented to the Top Three finishers in each event. 4th-6th place finishers will receive a ribbon.

The Top Three finishers will receive medals and will be called over to the awards table when ready.

The 4th-6th place finishers can pick up their ribbon at the Awards desk once results have been received.

False Start Rule: The False Start Rule follows those of the IAAF, with the following exceptions: in events staged for Peewee, Mite, Tyke, Atom, and Senior divisions, one false start is charged to the field and all further false starts will result in the disqualification of the athlete making the false start.

Advancement to Finals: Finals will be held for the 60 m Sprint only.

Six (6) or fewer heats: The top 8 times from the qualifying round will move to a single final.

Seven (7) or more heats: The top 16 times from the qualifying round will move to a two-section final (ie. A final and B final). Awards will be given to the top times between the two finals.

Horizontal Jumps: Peewee, Mite, Tyke, and Atom athletes will jump from a 1 m jump zone for the long jump. The jump zone may be marked with powder if allowed by the facility.

Senior, Intermediate, and Youth athletes must jump from the designated board.

All Triple Jump competitors must jump from the designated board(s).

High Jump:

Each competitor will receive three attempts at each height. The starting height will be the lowest height requested by any competitor.

Height will increase be 5 cm increments until there are 3 jumpers left, or as otherwise determined by the discretion of the high jump official(s).

Number of Attempts:

All competitors in throws or horizontal jumps will receive three preliminary attempts; the Top 8 will then receive 2 additional attempts each.

Simultaneous Events:

It is impossible to schedule a meet where there are no conflicts for athletes who are competing in multiple events.

In general, track events take precedence over field events; however, there are some important points to be aware of.

Athletes who are competing in two or more events simultaneously must check in to each event at the start of the event and inform the officials that they are competing in two or more events at the same time. The athletes will get a chance to warm up and/or find their mark during the warm-up period allotted to all participants before they leave for the simultaneous event. They will not get any additional time to warm up or "find their mark" upon returning to the event.

Horizontal Jumps and Shot Put: Athletes in the **Mite, Tyke, Atom, and Senior** categories will receive all their preliminary attempts if they return to the event before the end of the preliminary rounds. They will receive two additional attempts if they qualify as one of the top eight finalists. The athlete must return before the end of the final round to receive the two additional attempts. Athletes will not receive any attempts if they return to the event after all other competitors have completed their attempts.

Athletes in the **Intermediate and Youth** categories do not get any attempts to make up for the rounds they missed while competing in simultaneous events. Athletes must join the event at the round being contested upon their return.

High Jump: Athletes must join the High Jump event where the bar is at the time of their return. The bar will not be lowered for an athlete in any division who missed the round while competing in a simultaneous event. Athletes will not receive any attempts if they return to the event after all other competitors have completed their attempts.

Volunteers:

We are in need of volunteers to assist officials with the efficient operation of this track and field meet. Possible jobs include raking, measuring, adjusting high jump standards, hurdle crew, etc.

Being a volunteer will allow parents to access the track level.
