Pre and Post Camp Supervision

For a fee of \$10 per hour, parents can drop off their child as early as 8:00 and pick up their child as late as 17:00.

Morning Sessions focus on on track & field related activities. They aim to develop on “all-round” athleticism and a total fitness model to develop the individual’s speed, agility, strength & fitness base. This prepares young athletes for better sport specific performance. It is a primary step for complete development and it will give children the confidence they need to challenge themselves.

Afternoon Sessions will consist of alternate activities such as other sports, fundamental movement and games. The aim is to provide a varied program that will interest and amuse the participants.

All Camps are conducted Monday to Friday.

The first camp starts the week of July 10th.
There is no camp the week of August 7th. The last camp starts on August 21st.
