BURNABY STRIDERS TRACK & FIELD CLUB

Volunteer Requirements

Volunteer Commitment

Member/Parent participation in the club's activities helps to build a strong community among our club families, as well as a robust and growing organization. Our club cannot continue to provide the opportunities for athletes that we have been offering unless we have the support of many people. Your help is required for workouts, coaching, track meets, and support to athletes in many ways.

What is Required?

Each family (regardless of the number of club memberships within one family) is expected to participate by volunteering 10 adult hours between January 1st and November 30th.

Cheque Information

A cheque post-dated for December 1st made payable to Burnaby Striders Track and Field Club for \$100 must be submitted to the club with membership payment.

Participation

As volunteer help is needed, families will be provided the opportunity to put in their 10 hours of volunteer time. For those families who complete the 10 hours by November 30th, the full amount of their volunteer payment will be refunded.

For families not completing the required hours, the club will assume that you have donated the \$100 in order for us to hire the help necessary to complete the tasks required. Families are responsible for tracking their own volunteer hours. A club coach or board of director member must sign off all volunteer activities at the time of completion. On completion of the 10 hours of volunteer time, the club will return their \$100 deposit cheque, along with our sincere thanks for your support.
