Evening	Open Round Robin Play	Skills and Drills	Open Play	Junior Open Play 4:30 to 6pm	Partner Play -Men's -Women's -Mixed Round Robin		Q Pickleball Team Play
				Bracket Play based on PB Rankings 6:15 start COMPETITIVE			

Recreational Play... A fun, very relaxed atmosphere... Suitable for those new to pickleball, or those who prefer a more non-competitive structure... Three courts=15 players maximum

Open Play... Open to a wide range of skill levels from intermediate to advanced... Unstructured play with no designated leader... Expect that participants are likely to keep score... Four courts=20 players maximum

Open Round Robin Play... Participants are grouped randomly for doubles play with various partners... One participant will need to organize play for the group, likely using the sheets available for this purpose. Games will be played to 11 points, but may be limited by time constraints... Four courts=20 players maximum

Skills and Drills... Intended for those wishing to work on skill development... Each court will be designated for a specific type of practice, and participants will organize play amongst themselves... Resources will be provided for support as needed... Four courts= 20 participants maximum

Bracket Play based on Pickleball Brackets... Designed for those looking for a fast-paced, competitive atmosphere where game scores will count toward your official ranking (as provided by 'Pickleball Brackets') for registration in sanctioned tournaments, if needed. All participants **MUST** set up an account through Pickleball Brackets (www.pickleballbrackets.com)... Participants may choose to play against random partners, or organize play according to the ratings of those participating... Four courts=20 participants maximum

Partner play... Sign up with a partner to play as men's doubles, women's doubles or mixed doubles... Participants may choose to organize play to suit themselves, and for those who wish, round robin play will be set up... Five courts=12 pairs maximum

QPC Play Team Event... Participants will be organized into teams of four that will include at least one player of each gender. Teams will play four doubles matches in four different pairings against a designated opponent. Scores will be recorded, and depending on the number of teams, two matches may be scheduled in a two-hour time slot. Participants should commit for a four-week session, during which time a new sign-up will be posted for the following four weeks. Participants will be asked to find substitutes for any sessions that they will be absent. Two courts=20 players maximum

Junior Play... Open play for junior members up to the age of 18... Two courts=10 players maximum

Times will shift depending on weather and light as they change throughout the outdoor season. The number of courts available to sign up through 'Sign Up Genius' will be adjusted, based on demand.
