

LETHBRIDGE PICKLEBALL CLUB SIGN UP PROCEDURES

- Everyone must sign up to play in a Session. Don't just show up, sign up for another Member or bring along anyone who isn't playing.
- Play only within the Group you signed up.
- All players must adhere to current social distancing guidelines and guidance provided by AHS.
- Failure to not follow the guidelines may result in our playing time slots revoked by the City.
- If you can't make a Session to play, Please remove your name from that Session. This allows another Member to sign up.
- **A Monitor/Captain will be required for each time slot, to take charge and organize play. By using the Player Chart of # of players, but NO Physical sign up sheet. Charts are in a binder located inside the Black Box. Assign everyone playing a number. Maybe use the number, in the order they signed up under? The PB Play App for those iPhone users is preferred, rather than the laminated charts. If you would like to volunteer to be a Monitor/Captain please state "I will be the Monitor" in the comment box when you sign up. Only one Monitor is required for each time slot.**
- Please show up no more than 5 minutes prior to your start time and maintain social distancing of at least two meters. Please keep chairs three meters apart.
- No additional insurance for play during covid-19 will be provided and as such players should review the guidelines set out by Pickleball Canada and understand they are "playing at their own risk".

All Level Play – any level/any combination/organized
