

In partnership with the City of Whitehorse, the Yukon Pickleball Association is co-hosting Yukon Pickleball Day at the CGC.

YUKON PICKLEBALL DAY

SUNDAY, MAY 1, 2022

12:00 TO 5:00 PM IN THE CGC FLEXIHALL

Yukon Pickleball Day offers three FREE sessions that celebrate, introduce and showcase the sport.

YPA members are encouraged to join the fun by coming to watch the sessions.

We think the CHALLENGE COURT will be particularly exciting to watch. Please join us!

Session 1: Yukon Educators' Clinic 12:00 to 1:30

- This introductory session is for educators (teachers, EAs Recreation Coordinators) who wish to introduce pickleball to their schools and communities.

YPA is offering this clinic in response to requests for lessons from schools and community groups. We hope this clinic helps spread knowledge and skills about pickleball to educators who will introduce the game to their students and community groups.

Session 2: Challenge Court 1:45 to 3:15

- Guests from various levels of government are invited to participate in our Challenge Court. Participants will be paired with experienced pickleball players and after a brief introduction to pickleball will join in playing a friendly round robin.

YPA recognizes that pickleball is growing in popularity in Whitehorse and in the communities as more and more Yukoners are introduced to the game. Eventually we will need dedicated pickleball courts and will need the support of various levels of government to meet this goal.

Session 3: "See it, Try it" 3:30 to 5:00 pm

- This session is for those who are wondering about Pickleball and would like to try it. Participants will receive an introduction to the sport through some drills and fun game play.

YPA members and CGC staff will be at information tables throughout the event to provide more information about both organizations, programming, and to answer questions from the public.

Please come out and join the fun!
