

# ***King of the Court Explained***

Sign up needed - must be multiples of 4 plus 1 (e.g. 16, 17,20,21)

You must be able to stay the whole time. We also want to start on time so arrive early to help set up and warm up.

- All players will be given a card and will go to that court - for first game only. Reds pairs will partner vs. black pairs with partners
- We play a timed game: 12 minutes
- At the 12 minutes buzzer, the team with the most points moves toward the *Kings' Court* while the team with the least points moves in the opposite direction toward the *Jesters' Court*
- If a tie, the team serving is declared the winner.
- If we have an odd number of people they will be timekeeper and rotate into Jester Court. One of the losers on the lowest Jester Court will be the next timer.
