

Mens Skills & Drills

This is a day for men, just to play with other men. Skills will be tailored to players' individual level and aimed at those who want to improve their game.

If you are looking to develop your skills, build confidence, and discover more enjoyment when out on the pickleball courts, join us to meet some new players and share some laughs. There is a session for all play levels.

We usually split the time into 2 sessions, and depending on who shows up, and may even split the groups up further. So you will not be out of your element and are welcomed at all play levels. By working on your game, you will get better and be able to play at a higher level. Or if you just want to sharpen your skills, and stay at the level you are.

We ask you to please come to the playing level that best suits your playing skill.

#Safety glasses are mandatory

For the first part of each weekly session (approx. 45minutes) coaches will introduce you to a different skill or game strategy. We will do some drills to work on this new concept.

Then we will break off into games where you can try the new skills. Do not worry, everyone is also going to be working on the new skills and we all mess up.

We require everyone attending 'skills' to be current DPA members and sign up using Play Time Scheduler (PTS).

The coaches are only able to work with a limited number of players. This way you get the most benefit out of this training. Players signed up to participate in the skills session need to arrive 10 minutes early to help set up to make sure we start on time. Please ensure you are currently at the play level indicated for your session.

If you can't make it, please cancel so others can participate.
