Manitoba Provincial Pickleball Tournament Results

The Pickleball Manitoba Provincial Championship ran for 3 days at Dakota CC in early June. A total of 226 pickleball players competed in 37 events in the tournament. We would like to extend a thank you to all the players for making the tournament a resounding success.

The success of the tournament can also be attributed to the time and effort of many volunteers that registered players, entered scorecards, assigned courts to players, sold raffle tickets and replenished the snacks at the nutrition table. Kudos to you all!

SINGLES (All Skills & Ages)

We'd like to congratulate all the winners, of all the events, and all the competitors for their efforts on the courts.

We'd also like to welcome our new PMI members, who joined in order to compete at the Provincial level. As you may know, with membership, comes immediate enrollment, into the sport injury insurance that is offered through Pickleball Canada.

Although facilities indicate they have insurance for your Pickleball play, that insurance is often liability insurance to cover themselves from lawsuits, whereas the sport injury helps you with expenses, should you incur any as a result of Pickleball Play. The actual details of coverage are available at Pickleball Canada.

As the sport of Pickleball continues to grow, there will be more opportunities to gauge your competition, as well as have a more accurate view of your competitor's play, as Pickleball Brackets starts to get more stats.

Keep your eye on 2025, as Western Nationals may be headed our way.... Paddles Up!
