

Winter Play Update:

Several items to be aware of:

1) Joel Pelletier will be holding a ratings clinic for all 2024 RDPC club members who do not yet have a club rating.

At the end of the three hour clinic, you will be given a club rating that you can then use to join club organized rated events. You will also receive written feedback from the raters on specific skills to work on.

The ratings session will consist of an individual skills portion as well as an in game assessment. You will receive a ratings package which will outline the criteria that you will be assessed on prior to your clinic date.

Join us to begin your ratings journey and to start the summer season on the right foot!

We greatly appreciate your assistance in this important support role for club. Contact Kay Thul president@reddeerpickleball.com for more information.**

3) **Do you have a couch or coffee table that you would be willing to donate(or sell) to the club for use at Bower Mall? The Winter Play committee is wanting to add some furniture to the front entrance to make the space more inviting. The items should be in good condition. Contact treasurer@reddeerpickleball.com with your offers!**

4) A reminder that members need to renew their RDPC membership for 2024 by Feb 1st to access club sponsored RRS/rating clinics etc and to eligible for the RDPC pickleball member rate of \$5.00 for drop in at Bower Place. Thank you to all who are renewing and registering for the 2024 season. Currently we have 235 members. This is ahead of last years pace!
