Certified Insured Instructor (Level 1)NCCCP by Pickleball Canada  
Certified by TPA Respect in Sport  
NCCP Emergency action plan  
Making Ethical decisions qualified  
Winnipeg Police Background Check  
RCMP Vulnerable Sector Check

Experience in coaching various sports to adults of all ages and youth  
Many years working assisting individuals through Mental Health rehabilitation  
Safety and health minded.

Over the past two years I have held multiple clinics to promote the sport of Pickleball and teach the fundamentals of the game. I have also done private clinics for individuals preparing for Tournaments as well as small groups wanting to improve their skills. I provide insight to individuals wanting a new perspective on their game. I will also be working with Pickleball Manitoba to facilitate teaching / coaching/ interaction with Manitoba's youth while performing skill and development clinics.

The moment I first picked up a Pickleball Paddle I realized a new passion that was going to be eternal. This is such a wonderful game for anyone to play and inclusive to all. The health benefits, meeting new people, and participating, are just a few reasons to pick up a paddle and check it out.

“Learn, Play, Have fun”
