

# DETLA PICKLEBALL ASSOCIATION

## SHASTA PICKLEBALL MACHINE

---

April 15, 2026

Dear DPA Members,

Delta Pickleball Association (DPA) purchased a Tutor Spin pickleball machine — affectionately known as *Shasta* — in the fall of 2021. The machine is currently housed in North Delta under the care of Jun Jer.

Members wishing to use *Shasta* may do so by following these simple steps:

**1. Attend a training session**

Training can be provided by any member who has recently completed their session.

**2. Submit a usage request**

Email Jun at [shasta@deltapickleball.org](mailto:shasta@deltapickleball.org) with your preferred dates and times. Please provide at least 48 hours' notice.

**3. Complete the required forms**

- One-time: [DPA Ball Machine User Agreement](#)
- Each use: [“Shasta” Sign-Out Sheet](#)

To ensure *Shasta* remains in excellent condition, please recharge the machine after each use and limit run time to a maximum of three hours per day.

Thank you for helping to keep this valuable resource available and well-maintained for all members.

Warm regards,  
DPA Team
