1971 COTFA RUNATHON - A P R I L 24 TH

So that the Central Ontario Team, the National Team and our junior athletes can receive the competition which is necessary for their development, the Central Ontario Track and Field Association will be conducting Runathons all across Central Ontario on April 24th in a concentrated effort to raise the necessary funds to do such things as pay for the Indoor Track, stage Meets, send our athletes to the National Championships, Senior and Junior, hold Clinics for officials, coaches and athletes, and undertake many of the other projects the COTFA Directors are planning.

It is essential that all CTFAs and COTFA athletes take part in this effort in April, and get their friends to do the same.

We want everyone to know about the date NOW, rather than a few weeks before the event, so that all may have the opportunity to participate.
